

# STRIVE ENTERPRISE

HELPING YOUR BUSINESS GROW ONLINE EVERY STEP OF THE WAY

# WHO WE ARE

We are an awarded website design and digital marketing agency, led by founder **Jose Silvera**, with 12+ years of experience. Since 2019, we've helped enterprises, small businesses, and organizations globally grow online.

At **Strive Enterprise**, we don't just build websites; we create **RevSites** — high-performance, revenue-generating websites designed to convert at 2–10% and load in 1–3 seconds. Unlike most websites that convert at 0.5% and load in 13–28 seconds, **RevSites** come with on-page and off-page SEO to ensure you rank on Google from day one.

# WHAT WE OFFER

## ✓ WEBSITE DESIGN

Custom **WordPress** or **Shopify RevSites** (high-performance, revenue-generating websites) with or without booking systems, landing pages, and more. 100% original designs from scratch. No templates.

## ✓ BACKEND DEVELOPMENT

We build powerful, secure, and scalable backend projects and apps. Whether it's the next Uber, Airbnb, or your own game-changing software idea — we can bring it to life.

## ✓ DIGITAL MARKETING

From keyword research and ad creation to campaign tracking and optimization across Facebook, Instagram, Google, Bing, and more — plus powerful email marketing strategies.
